

*The Silverlakes Rules and Regulations found in Exhibit F to the Declaration of Covenants describes parking restrictions within Silverlakes (Rule 24). Those rules allow for the issuance of parking permits for short-term use of the clubhouse parking lot when homeowners' driveways are inaccessible for parking their vehicles on their driveway or in their garage. The procedures implementing Rule 24 are posted on the web site. Recently, there has been some confusion in the community regarding the procedures for use of emergency temporary parking permits vs regular parking permits and the circumstances under which each type of permit may be used. The parking permit procedures on the web site have been clarified to address this matter (see #4 under Temporary Parking Permits). <https://silverlakes-gateway-hoa.com/wp-content/uploads/bsk-pdf-manager/2022/03/Parking-procedure-revised-3-15-2022-final.pdf> Rule 24 in Exhibit F, Rules and Regulations, has not been changed.*
